

Slope Intercept Song Project

- Instructions:
 - Create a Parody song to help you memorize Slope Intercept Formula ($y=mx+b$) following these guidelines:
 - 1) Review the process for how to graph using slope intercept form and how to write the equation of line
 - 2) Write lyrics with your group
 - 3) Use GarageBand and a MIDI song file to rehearse and record your own vocal track(s). You will need to record with headphones so the microphone only picks up the sound of your voice(s).
 - 4) You have TWO options for your lyrics
 - a) Create a song that explains how to graph a line
 - OR
 - b) Create a song that explains how to find the equation of a line
- Additional requirements:
 - The song must:
 - incorporate slope and y intercept **vocabulary terms and processes**
 - Students must:
 - write lyrics, rehearse, and record in GarageBand within one to two periods.
